## Experience

JUNE 2022 - PRESENT

**Elevance Health, Austin, TX** – *Software Engineer II*

- Built and maintained user-friendly, responsive web interfaces using **React.js** and Javascript that increased user accessibility by 30% by creating pages that increased efficiency of previously manual tasks such as approving Lead Lists and Cohorts
- Managed and devised new **structures and endpoints** for the existing **PostgreSQL database** that created user solutions which aided in the systematic automation of tasks
- Assisted in **performance testing** for the application to determine what database endpoints needed a boost in efficiency
- Troubleshoot and **debugged issues**, employing best practices to maintain code quality and increasing full-stack team productivity by 25% by reviewing pull requests, aiding in debugging sessions, and supporting other engineers
- Implemented **RESTful APIs and GraphQL endpoints** for efficient data retrieval
- **Collaborated with UI/UX designers** to create visually appealing and intuitive user experiences
- Ensured **data integrity and security** by implementing **authentication and authorization** mechanisms in GraphQL endpoints
- Managed multiple workflows related to the same projects by maintaining **clear communication** with other developers and with management in an **Agile environment**.

JUNE 2021 - JUNE 2022

**Overnight Printing, Seattle, WA** – *Lead Graphic Designer*

- **Designed and conceptualized** marketing materials for local elections and events
- Printed and **maintained quality materials** and products for clients
- Customized and recreated print materials for clients using **Adobe Creative Suite**
- Increased company productivity by 50% by undertaking various **cross-functional responsibilities** within the organization, assuming diverse roles and contributing to multiple departments
- **Negotiated invoices** for clients that aligned with company **revenue goals**
- **Troubleshoot issues** with files and softwares such as Adobe Illustrator and Adobe Indesign.

SEPTEMBER 2020 - JUNE 2021

**Idea Lab Kids, Crofton, MD** - *Art & Science Instructor*

- Taught children ages 5 to 12 while adapting to different levels and abilities
- **Communicated and coordinated** between different classes, teachers, and students
- Approached challenges in various ways and **created curriculum** based on different topics in art and science

## Education

JULY 2018 - JANUARY 2020

**University of Washington, MD** - *Certificate, Web Development*

Learned technologies including but not limited to Javascript, SQL, Node.js, React.js, Express, and MongoDB.

SEPTEMBER 2018 - MAY 2020

**Towson University, MD** - *BFA*

Learned an array of softwares including but not limited to the Adobe Creative Suite, and Maya Autodesk.
